ADMINISTRATION REPORT

OF THE

Dholpur State for the year 1894-95 (Sambat 1951).

RAINFALL.

The average rainfall during the year was 30 inches and 63 cents.

This amount is $27\frac{1}{2}$ cents less than the average fall of last year.

KHARIF.

The rainfall was good in the beginning of the year. In the month of Sawan, that is from 15th July to 15th August, the month in which the Kharif crops thrive and grow, the rainfall was scanty. At the end of the season, when the Kharif is ripe for harvest, the fall was heavy, and there were hail-storms in many places. The consequence of this untimely rainfall and hail-storms was, that the outturn of the Kharif was only 75 per cent.

RABI.

The Rabi crops suffered also from heavy rains and hail-storms. The average outturn was only about 62 per cent.

In some of the villages, owing to these causes, the Rabi crops suffered considerably, and the Land Revenue could not be realised, and had to be suspended until the following year. Grass and fodder, however, grew in abundance, and cattle thrived.

HEALTH.

The general health was good during the year. Fever, cold, and small-pox during the months of March and October (both of which are always the most unhealthy months in the year) were rife, but there was very little loss of life.

In several Perganas the mortality of cattle by small-pox was great.

BOUNDARY DISPUTES.

There were no boundary disputes during the year.

SALT AGREEMENT.

There were no cases of smuggling of Salt during the year. The officer in charge of the Customs Department and the Tehsildars of the State carefully guarded against illicit manufacture of Salt in all the Salt-bearing localities.

The Inspector of the Northern India Salt Revenue Department, Agra, visited and inspected all Salt-bearing places in the State, but no trace of illicit manufacture was discovered.

CUSTOMS.

There is no octroi in Dholpur. Sales of liquor and of intoxicating drugs are given out on contract.

The receipts estimated for the year ending 31st May 1894 were Rs. 24,100. The actuals were Rs. 24,605. Excess over estimate, Rs. 505.

The amount of receipts estimated for the current year is Rs. 24,535.

The duties on the production of Tobacco, and on the sales of cattle, have been remitted by the Durbar since last year.

SARAD FAIR.

The Sarad Fair was more largely attended this year than last year.

The number of animals brought for sale was 12,144, which included, for the first time on record, horses. Efforts have been made by awarding prizes for horses, to celebrate Sarad as a horse-fair, but the competition of the Bateshur Fair, situated close by, and held about the same time, makes this difficult.

10,439 cattle were sold for Rs. 1,43,318-6-0. The duty on the sale of cattle amounted to Rs. 4,131-9-6, against Rs. 3,342-6-3 for last year.

The following statement shows the result of the Fair :—

Details	Last year.	Current year.	Decrease.	Increase.
No. of shops ...	805	1,153	348

DISPENSARY AND VACCINATION.

There are four Dispensaries in the Dholpur State, of which one is established in the State Jail for the exclusive use of Jail prisoners.

28,085 patients were treated during the year, showing an increase of 6,203 patients on last year's returns.

There were 69 in-door patients, the dieting of whom was defrayed by the State.

The general working of the Dispensaries during the year has been satisfactory.

The number of Vaccine Operations performed during the year was 6,965, being 99 cases less than that of the previous year.

Out of the operations performed, 6,495 cases were successful.

The cost of the Dispensaries and Vaccination amounted to Rs. 6,932-8-9, which is an increase of Rs. 1,316-15-0 as compared with the previous year.

The increase is due to the entertainment of an additional Hospital Assistant for the Dholpur City Dispensary since May 1894, to employment of an extra Compounder for $2\frac{1}{2}$ months, to extra expenses incurred in dieting 69 in-door patients, and purchase of English medicines for treatment of 5,936 patients in excess of last year.

STATE JAIL.

On the 1st April 1894 there were 104 prisoners confined under sentence in the Dholpur Jail. 121 were admitted during 1894-95, making a total of 225.

Of these, 118 were released, 3 died, and 104 prisoners, as under, remained in Jail under sentence on 31st March 1895 :—

The extramural work consists principally of repair of roads, &c.

The conservancy of the Jail has been good, and well superintended by the Nazim.

The Darogha of the State Jail is an old and experienced official, and under his superintendence the manufacture of cotton carpets is being gradually introduced.

324 prisoners were medically treated during the year, of whom 317 were cured, 3 died, 1 was discharged, and 3 remained under treatment at the close of the year.

COURT OF JUSTICE.

There are three Courts of Justice in the Dholpur State, details of which have been given in last year's report.

The fourth Court, the Court of the Settlement Department, is under the direct supervision of the Diwan. Cases of partition and mutation are all disposed of here, and the Patwari records and Jamabandi papers are checked in this office.

CIVIL SUITS.

Suits in 853 Civil cases, including a balance of 149 cases of last year, were instituted in the Courts of the State.

735 cases, as under, were decided, and 118 cases were pending at the close of the year :—

FURTHER REPORT OF THE DHOLPUR DEBT COMMITTEE.

1. Since the submission of the Committee's report, dated February 19th 1903, an *ad-interim* report was issued on July 28th, 1903. This report is in continuation of the former.
Reference.
 2. Owing to sales in India falling off, the Committee arranged with Messrs. W. & A. Graham of Bombay to consign jewels, valued at Rs.17,08,870, to London for sale, taking an advance of £50,000 sterling against them. Messrs. Graham were also authorised to sell by auction in Bombay certain small pieces of no great value.
Consignment of jewels to London.
 3. With the loan so raised the majority of outstanding claims were paid off in consideration of a reduction of ten per cent on the amounts passed.
Payment of claims.
 4. A valuation of the jewellery in London was made by Messrs. Graham, who reported it to be overvalued by 53 per cent. The Committee refused to sell on this basis, with the result that only two articles were sold at a special reduction in order to encourage sales. This, however, did not have the desired effect.
London valuation.
- When it was found that Messrs. Graham were unable to effect any sales at reasonable prices, it became necessary to approach them with a view to having the jewels returned to India. This has since been done, Messrs. Graham agreeing to forego their return commission of 2 per cent. Negotiations are now in progress with Seth Nemi Chand, the State Treasurer, for a loan to pay off Messrs. Graham's sterling loan of £50,000 and to take delivery of the jewels on arrival in Bombay about the end of June.
5. After much correspondence, a settlement has been arrived at with the Bank of Upper India resulting in Rs. 3,00,000 being accepted in full discharge of the claim of Rs 3,38,735, which bore interest at 10 per cent. In order to make this payment Rs. 1,60,000 was borrowed from Seth Nemi Chand at 6 per cent with the sanction of the Local Government.
Bank of Upper India settlement.
 6. The jewels released by this payment, valued at Rs. 2,83,000, have been made over to Messrs. Shrager Bros. of Calcutta on commission sale, together with some of those held as security by the Alliance Bank of Simla which were released by the Bank on the Committee's guarantee. The Committee is secured by the Mercantile Bank of India against Messrs. Shrager Bros.
New arrangement for sale
 7. The estate's claim against Messrs. Lyon & Lyon of Calcutta has, with the approval of the Local Government, been placed in the hands of the Committee's legal advisers.
Claim against Lyon & Lyon.

8. The balance of miscellaneous effects from Chail have been sold in Simla, and have realised in all Rs.71,849, which, in the absence of any reliable valuation, is considered satisfactory. Commission and other expenses amounted to Rs.7,843, or 11 per cent. This, however, includes transport from Chail and warehousing in Simla for two years.

9. Excluding recently contracted loans, only portions of four claims now remain to be paid, for which funds are wanting, *viz* :—

						Rs.
/ (i)	Claim S/18	1,78,512
(ii)	" K/4	32,000
(iii)	" A/11	}	10,04,001
(iv)	" U/3					
Total						12,14,513

Of these, (i) is due to the State for a loan incurred to pay off the late Chief's debt many years ago; (ii) is for "Khairati" due to the State Bank; (iii) and (iv) are the Joint Dholpur-Patiala loans, the liability for which is disputed. Interest to April 31st, 1904, has been included.

10. Appendix A gives the results of the investigation into each claim in tabular form.

11. Appendix B shows the nett results attained, from which it is apparent that out of a total of 177 claims, aggregating Rs. 57,10,590, 152½ claims, aggregating Rs.40,87,655, have been settled at a reduction of Rs.14,23,413, and 22½ claims, amounting to Rs.5,78,590, have been rejected or crossed off the list. The total reduction of claims is therefore Rs.20,02,002, or 35 per cent.

12. A serious feature in these protracted negotiations is the accumulation of interest, which on the Joint loan accounts above mentioned has reached the sum of Rs.1,71,815.

13. Appendices C, D, and E give the details of sales effected to date.

14. Appendix F is an abstract of the Committee's Cash Account showing that out of a total of Rs. 28,13,451, Rs. 11,57,370 has been realised from the assets of the estate, and Rs. 16,56,080 by loans. Of this Rs.26,64,242 has been paid in the satisfaction of claims, Rs. 70,162 in expenses, and Rs. 66,236 towards loan accounts and interest charges thereon.

15. The expenses, including all commissions, etc., amount to 2·8 per cent only.

16. Appendix G gives the present liabilities of the estate. The admitted liabilities, including the Victoria Memorial Subscription, now amount to Rs.18,88,324, while the doubtful ones (the Dholpur-Patiala Joint Loans) aggregate Rs.10,04,001, making a total of Rs. 28,92,325.

17. Appendix H shows the assets at present unrealised. Owing to the conflicting valuations, and the low offers now being made, the Committee regret that this estimate can only be taken as approximate.

						Rs.
Assets						
Good assets are valued at	26,63,800
Doubtful do. do.	6,66,000 7,57,800
Bad do. do.	75,000

18 The present financial condition of the estate may be summarised as follows : If the doubtful and bad items are excluded from either side, there is an apparent balance of Rs.7,75,476 ; but if half the joint loans are adjudged payable by the estate, this will be reduced by Rs.5,02,000, leaving an apparent balance of Rs.2,73,476 only. If the joint loans have to be paid in full by Dholpur, and the Patiala claim to a portion of the assets is upheld, the apparent deficit will be Rs.2,28,525. These assumptions are based on the supposition that the estimate of assets will be realised.

The true position can only be ascertained after Government have issued orders on the Report of the Joint Conference on the financial relations between the Patiala and Dholpur Estates.

Note.—The figures entered in the list of claims were not accurate, but are retained to prevent confusion.)

(i) This amount, although really due by Mr. A. M. Jacob, was in the Ran's name, who had given a Pro. Note for the original amount, Rs 44,000, and had already paid Rs 40,310 as interest on it.

The Committee have paid off the claim for Rs 52,604 and taken over the box of jewellery deposited as security, the contents of this box having been valued at Rs. 13,000.

The Committee do not propose to take any action against Mr. Jacob for the recovery of this sum, as he is believed to have no assets.

(ii) This account, which is called the Dholpur-Patana Joint Loan Account, has been, at the suggestion of the Committee, jointly guaranteed by the Political Agents of the States pending the decision of the Government, as to liability.

The guaranteed amount is Rs 5,86,703 at 5% per annum from the 30th June 1903, and now amounts to Rs. 6,42,407-0-0

(iii) These accounts together with Messrs. S. J. Tellery & Co's Accounts (T-1) and a portion of Messrs John King and Co.'s account formed the subject of the compromise, proposed by the Committee and lately sanctioned by Government.

A loan of Rs. 7,50,000 at 6% per annum from the Alliance Bank of Simla has been raised to pay off this account.

The interest on these two accounts, now called A and B, will accrue as follows per annum —
